aim of the subject

The objective is to acquire basic techniques on an instrument additional to the primary instrument along with the ability to use the techniques in ensemble settings.

content

Acquiring the main technical possibilities of an additional instrument and learning the simple playing techniques as well as the role of that instrument in an ensemble setting in various music styles. In the case of accompanying instruments, also acquiring the accompaniment function in various music styles.

learning outcomes

On completion of the subject, the student will command the main playing techniques on an additional instrument and will be able to perform a simpler repertoire, in various jazz music styles and ensemble settings, if needed.

assessment

Non-differentiated assessment based on participation and progress in academic work.

assessment criteria

Positive assessment result is obtained when the student has participated in at least 60% of the lessons and acquired primary playing techniques.
